SPIN

"*Good Together* is the product of everyday conversations we're all having and how to overcome the challenges that face us as a society and personally. And like the album, Lake Street Dive celebrates life's ups and downs, the ebbs and flows."

Forbes

"One of the things I like about Lake Street Dive is the quality of their musicianship and the purity of Rachael Price's voice. It's musicianship rather than showmanship which is now the hallmark of this band and the core attractive value of the music they release."

American ★ songwriter the craft of music

"*Good Together* concludes after a concise 37 minutes, proving that skillfully written pop, played by a collective with serious chops honed over decades, can be both contemporary and timeless."

INNOVATIVE SCENE

[Of "Dance With a Stranger"] "The song's command to turn someone you don't know into someone you know well is a solid summation of the Lake Street Dive ethos, as well as a neat distillation of the message of *Good Together*"

relix

"For an act that's continued to develop and grow with each release, *Good Together* still feels impressively them."
